

FOR IMMEDIATE RELEASE

CD LAUNCH PARTY AT CHÂTEAU DES CHARMES SUPPORTS LOCAL HOSPITAL

NIAGARA-ON-THE-LAKE – September 10, 2007 The 2nd Annual Canadian Smooth Jazz Concert Series presented by Wave 94.7FM will come to a close on Sunday September 16, 2007 with a performance by international Smooth Jazz superstars, **Four80East**. The concert will take place at the Château des Charmes Vineyard Courtyard with gourmet lunch being served by James Olberg of Queen's Landing.

Toronto artists Rob DeBoer and Tony Grace of Four80East have designated their concert at Château des Charmes on September 16th as the official Canadian CD Release Party to celebrate the release of their latest CD, **EN ROUTE**. With their infectious new single, "Noodle Soup", rocketing up the R & R charts towards #1, Four80East will be generating lots of excitement as they kick off their North American tour right here in Niagara. Then it's off to the prestigious Catalina Jazz Festival in California. Their appealing brand of groove is causing quite a stir!

This concert is the third in the summer series that began on July 22 with a sold-out crowd for Canadian singer-songwriters Amy Sky and husband, Marc Jordan, with special guest, Stephan Moccio. The second concert, on August 19th, had guests on their feet with the lively flamenco sounds of Johannes Linstead. Both concerts featured delicious Niagara cuisine, served by local chefs, Stephen Treadwell of Treadwell Farm-to-Table Cuisine and Erik Peacock of Wellington Court.

Concert ticket with a glass of wine can be purchased for \$40pp; with lunch, \$75pp. Tickets can be purchased online at www.scghfoundation.com or by phone at 905-323-FUND (3863). Lunch will be served at 12 noon. Concert doors open at 1:30pm; open seating, rain or shine.

All monies raised from the concert series are being directed towards the purchase of new patient equipment for the **St. Catharines General Site**. To date, the concert series has raised over \$12,000 for urgently needed patient care equipment at St. Catharines General Hospital.
